Specifications based on [ ] Purchase Agreement [ ] Freshspecs [ ] Not Known

(In the event of no specifications having being agreed to the product will be assessed on Freshspecs).

I have examined the produce as described above and have found that it does not comply with the Grade markings shown on the packages and/or the agreed specifications as per the Purchase Agreement/ Freshspecs.

Reason for downgrading.....

This product will not be accepted by major buyers in its present condition and should be refurbished and re-packed or offered for sale at a lower Grade after consultation with the grower/packer. Alternatively, the produce should be forwarded to another party nominated by the grower/packer or returned to the grower/packer.
